## Water Tower To Get Paint Job

THIS BEAMING BUNCH will delight you in "The Sound of Music," opening Saturday at the PM&L Theater in Antioch. The young stars and starlets play the singing von Trapp children.

Seated, from left: Anita Cooper, Jenny Beese, Terri Rosol and Margaret Purfeerst. Standing, from left: Jonathan Smith, David Beno and Cami Zaehler. (Story, photos on page 2)

## But No 'Smile Face'

By BETSY ROSSEN

Repainting the village water tower will begin Thursday. The village board Monday night told residents not to be alarmed if their water pressure fluctuates Thursday, Friday, Saturday and possibly on Monday, due to the cleaning of the inside of the tank.

Though the color of the tower will be changed from silver to a more appealing color, Trustee Marge Nelson's motion to have a "smile face" painted on was defeated by a 2-3 vote. Those defeating the idea cited the lack of a cost estimate.

In other action Monday the board discussed street improvements and the petition for rezoning the Harold Young property.

Bids were read and Liberty Asphalt was awarded the contract for both the 1974 street resurfacing program and the seal-coating of Anita St.

The Youngs' petition to rezone their north Main St. property for multiple-family use was defeated 3-2-1. (A two-thirds majority of the Board of Trustees was required).

The zoning petition of the CCD landfill was delayed for 30 days at Trustee Ronald Cunningham's request.

Wayne Erickson, spokesman for the Little Silver Lake property owners group, charged that the CCD landfill operation's compactor was creating noise pollution. He asked that the Environmental Protection Agency be contacted to investigate.

Though a strike has affected work somewhat, Supt. of Water and Sewer Tod Maplethorpe reported that work on the water treatment plant is progressing. The contact (main) plant was scheduled for completion Tuesday. The new Lake St. traffic lights will be completed soon, Maplethorpe said.

A request for a program of tennis classes to be conducted in Williams Park was discussed and turned over to the Parks and Playgrounds Committee.

Trustee Michael Haley's recommendation from the

## Fireworks, Youth Arrested

Possession of fireworks was the charge made against a 21-year-old youth here Sunday night. Police say an officer observed flashes from the driver's window as the vehicle was stopped at North and Main streets, and as it proceeded north on Main.

When the Antioch youth was stopped, he admitted to shooting a Roman Candle. Also confiscated, and held in evidence were two 8-ball Roman Candles and six packs of Black Cat firecrackers. Bond was

## How Big Will Antioch, Lake Villa Areas Get?

Antioch township now has about 13,500 people and may have 16,200 by 1980.

That is the preliminary population forecast of the Northeastern Illinois Planning Commission (NIPC).

The commission also sees the possibility of Antioch township growing to 20,000 people by 1990 and to 23,500 by the year 2000.

A slightly faster growth is predicted for Lake Villa township, which now has 12,800 people. The NIPC sees that area growing to 16,500 by 1980, 22,500 by 1990 and 27,500 by the turn of the century.

The NIPC points out that mayors of communities will be asked to comment on the forecasts before the figures are finalized.

"Adjustments will be made to reflect local preferences for growth or no-growth," says Ira

J. Bach, president of the commission.

Seven meetings with local public officials, to discuss the forecasts, are planned this summer but dates haven't been set.

The NIPC is an advisory agency for the region of Cook, DuPage, Kane, Lake, McHenry and Will counties. The commission was created by the General Assembly in 1957 to conduct research, prepare comprehensive general plans, and advise units and agencies of government.

Bach emphasizes that "the viewpoints of the region's experts, local elected officials, and citizens are actively solicited and influence every NIPC planning project."

Population forecasts are used by NIPC in reviewing applications for federal and state

grants for highways, mass transit, sewage treatment plants, hospitals, water supply and park land.

The NIPC says that northeastern Illinois now has about 7 million people and forecasts that 9 1/4 million will be living in this part of the state in the year 2000.

Lake County is expected to almost double in size, from approximately 400,000 to 750,000.

The NIPC says that "a dozen of the most ambitious suburbs in northeastern Illinois are eager to absorb the entire 2 million increase. Some other suburbs would prefer little or no growth. Local community lifestyles are at stake -- population density makes the difference between neighborhood congestion, or peace and quiet;

# Sound of Music Opens Saturday

"The Sound of Music" is so close that it will be here almost before you can say "Trapp Family Singers."

The long-awaited Rodgers and Hammerstein musical production opens this Saturday at the PM&L Theater, 877 Main St. in Antioch.

The other performances of this show, which climaxes PM&L's unusually eventful Season 13, will be on Fridays and Saturdays, June 28 and 29, and July 5 and 6. Curtain time for all performances is 8:30 p.m.

If you do not already have your reservations, you had better drop everything, run to a telephone, and call 395-9702.

"The Sound of Music" has been a perennial favorite since it first opened on Broadway 15 years ago. The story, the music, and the array of characters add up to everything that could be wanted in a musical.

Set in Austria at the time of the Nazi Anschluss of 1938, the story has human interest as well as tense political drama.

The music contains some of the most successful songs ever turned out by Rodgers and Hammerstein. Among the numbers are "The Sound of Music" itself, the delightful "Do-re-mi," the young lovers' "Sixteen Going on Seventeen," and the inspiring "Climb Every Mountain."

PM&L's cast and crew do a commendable job of bringing this challenging show to the Antioch stage. Ken Smouse is the director, Lynn Zaehler is the choreographer, and Tracy Teltz is in charge of the orchestra pit, with Dave Rush on drums.

The role of Maria is played by

Mary Beth Bentel, Ken Smouse is cast as Captain von Trapp, and Eva Harper is the Mother Abbess.

Terri Rosol, Anita Cooper, Jonathan Smith, Cami Zaehler, Jenny Beese, David Beno, and Margaret Purfeerst are the von Trapp children; and Robert McClasky is Rolf.

Also in the cast are Mary Chris LaKome as Elsa Schraeder; Tom Hausman as Max Detweiler; Ricky Apostol as Frau Schmidt; Hank Apostol as Franz; Tim Shields as Herr Zeller; and Don Beveroth as Admiral Von Schriber.

There are also singing nuns, played by Ann Lorang, Barbara Solomon, Tessa Smith, Pat Unnerstall, Shirley Kramer, Nanci Eberman, Betty Smouse, Rita Shields, Laurie Beaver, Sandy Lindberg, Julie Gutowski and Kathy Rosol.

Make your reservation now for this crowning event of PM&L's Season 13. If the line is busy when you call 395-9702, hang in there.

LEADING ROLES in "The Sound of Music" are played by (from left) Mary Beth Bentel as Maria, Ken Smouse as Captain von Trapp and Mary Chris LaKome as Elsa Schraeder. Mr. Smouse also is directing the production.

PORTRAYING SISTERS in the Austrian Abbey, one of the scenes in "The Sound of Music," are (from left) Barbara Solomon, Sandy Lindberg, Cathy Rosol and Eva Harper as the Mother Abbess.

## Kocmoud's Art to Be on Display

Bob Kocmoud, former Antioch resident, will be the guest artist whose work will be on display in the PM&L Theatre lobby during the performance run of "The Sound of Music."

Kocmoud's display will be a showing of special drawings created specifically for this closing production of PM&L's Season 13. The drawings are portraits of several PM&L actors and actresses in various roles which they have created over the last few seasons.

While a resident of Antioch, Bob designed many of the sets for PM&L productions: "Outward Bound," "Dark of the Moon," "The Elves and the Shoemaker" and "Oliver!" among others. To round off his contribution to the success of the current production, Bob did the original design sketches for the set of "The Sound of Music."

Bob and his wife, Jane, a former Antioch Grade School teacher, are now residents of Wawautosa, Wis., and are teaching in the elementary schools of West Allis.

Bully originally meant sweet-heart!

## Geo-Karis Backs Drug Abuse Control Bill

SPRINGFIELD -- State Representative Adeline Jay Geo-Karis (R-Zion) says that a bill

which she co-sponsored has been approved in the House and could potentially mean \$10

million in federal aid for drug abuse control in Illinois.

The bill creates the Illinois Dangerous Drug Commission which will have authority for state programs dealing with the treatment and rehabilitation of drug addicts and abusers.

Federal regulations require a state to have a single drug agency with a separate advisory council to qualify for federal assistance.

Rep. Geo-Karis, who is presently a member of the Dangerous Drug Advisory Council, said, "The new commission will have the power to license all drug treatment centers throughout the state and will act as the distributing agent for any federal funds to community drug control programs."

"The commission," she said, "will be the administrative authority for the 14 state-operated drug treatment centers and for the purchase of services for patients in the other 45 treatment centers in Illinois."

"This new commission and its advisory council," Rep. Geo-Karis said, "give us the manpower, structure and mechanics to launch an all-out battle on the problem of drug

abuse in Illinois, particularly in the large counties, such as Lake, Du Page, Kane and Cook."

The bill now goes to the Senate for consideration.

## American Legion Auxiliary Jr. Group Picnics

By SHIRLEY M. HOGUE

Mrs. James Raihle, 10th District Senior Advisor for the American Legion Auxiliary Junior Group, has announced a picnic meeting on Saturday. Hosting the picnic and swim party will be Mrs. John Chudzik of Lake Zurich, District Vice President-elect. After an 11:30 lunch a short meeting will be held to elect new officers. Miss Susan Rathman of Antioch is the outgoing Junior President.

At the recent 2nd Division meeting in Rockton, Ruth A. Clark of Lake Zurich received a first place award in Class II (9th & 10th grades) for her Americanism Essay, "Freedom and It's Responsibilities." Mrs. Jean Keehn, 10th District Americanism Chairman, said

that Ruth's composition has been forwarded to Department for further judging.

Winning division awards for press book competition were the 10th District book, compiled by the late Del Jahneke and Mrs. Joseph Hogue. North Chicago's Sharvin Unit won second place award.

The 10th District also was recognized for its work in the Foreign Relations program. Mrs. Dorothy Mitchell of Grayslake was chairman. Mrs. Hogue received commendation for having graduated the largest class in Leadership Training throughout the division. For those units with less than 50 members, Mrs. Jerry Carlson of Lake Villa was

between a neighborhood variety of shops and employment, or a purely residential character."

Mayor Robert Wilton of Antioch said the projected growth is "why we're concerned about our comprehensive plan."

"As a village we need professional planning," he said. "This is why we're going to adopt a comprehensive land-use plan, a planned unit development ordinance and strengthen our other ordinances. They will give us better tools for controlling future growth."

"We've always had a gradual growth," Wilton said. "We're going to grow, we know that, but we don't want to grow too fast."

posted at \$100 and the subject released pending a June 28 court date.

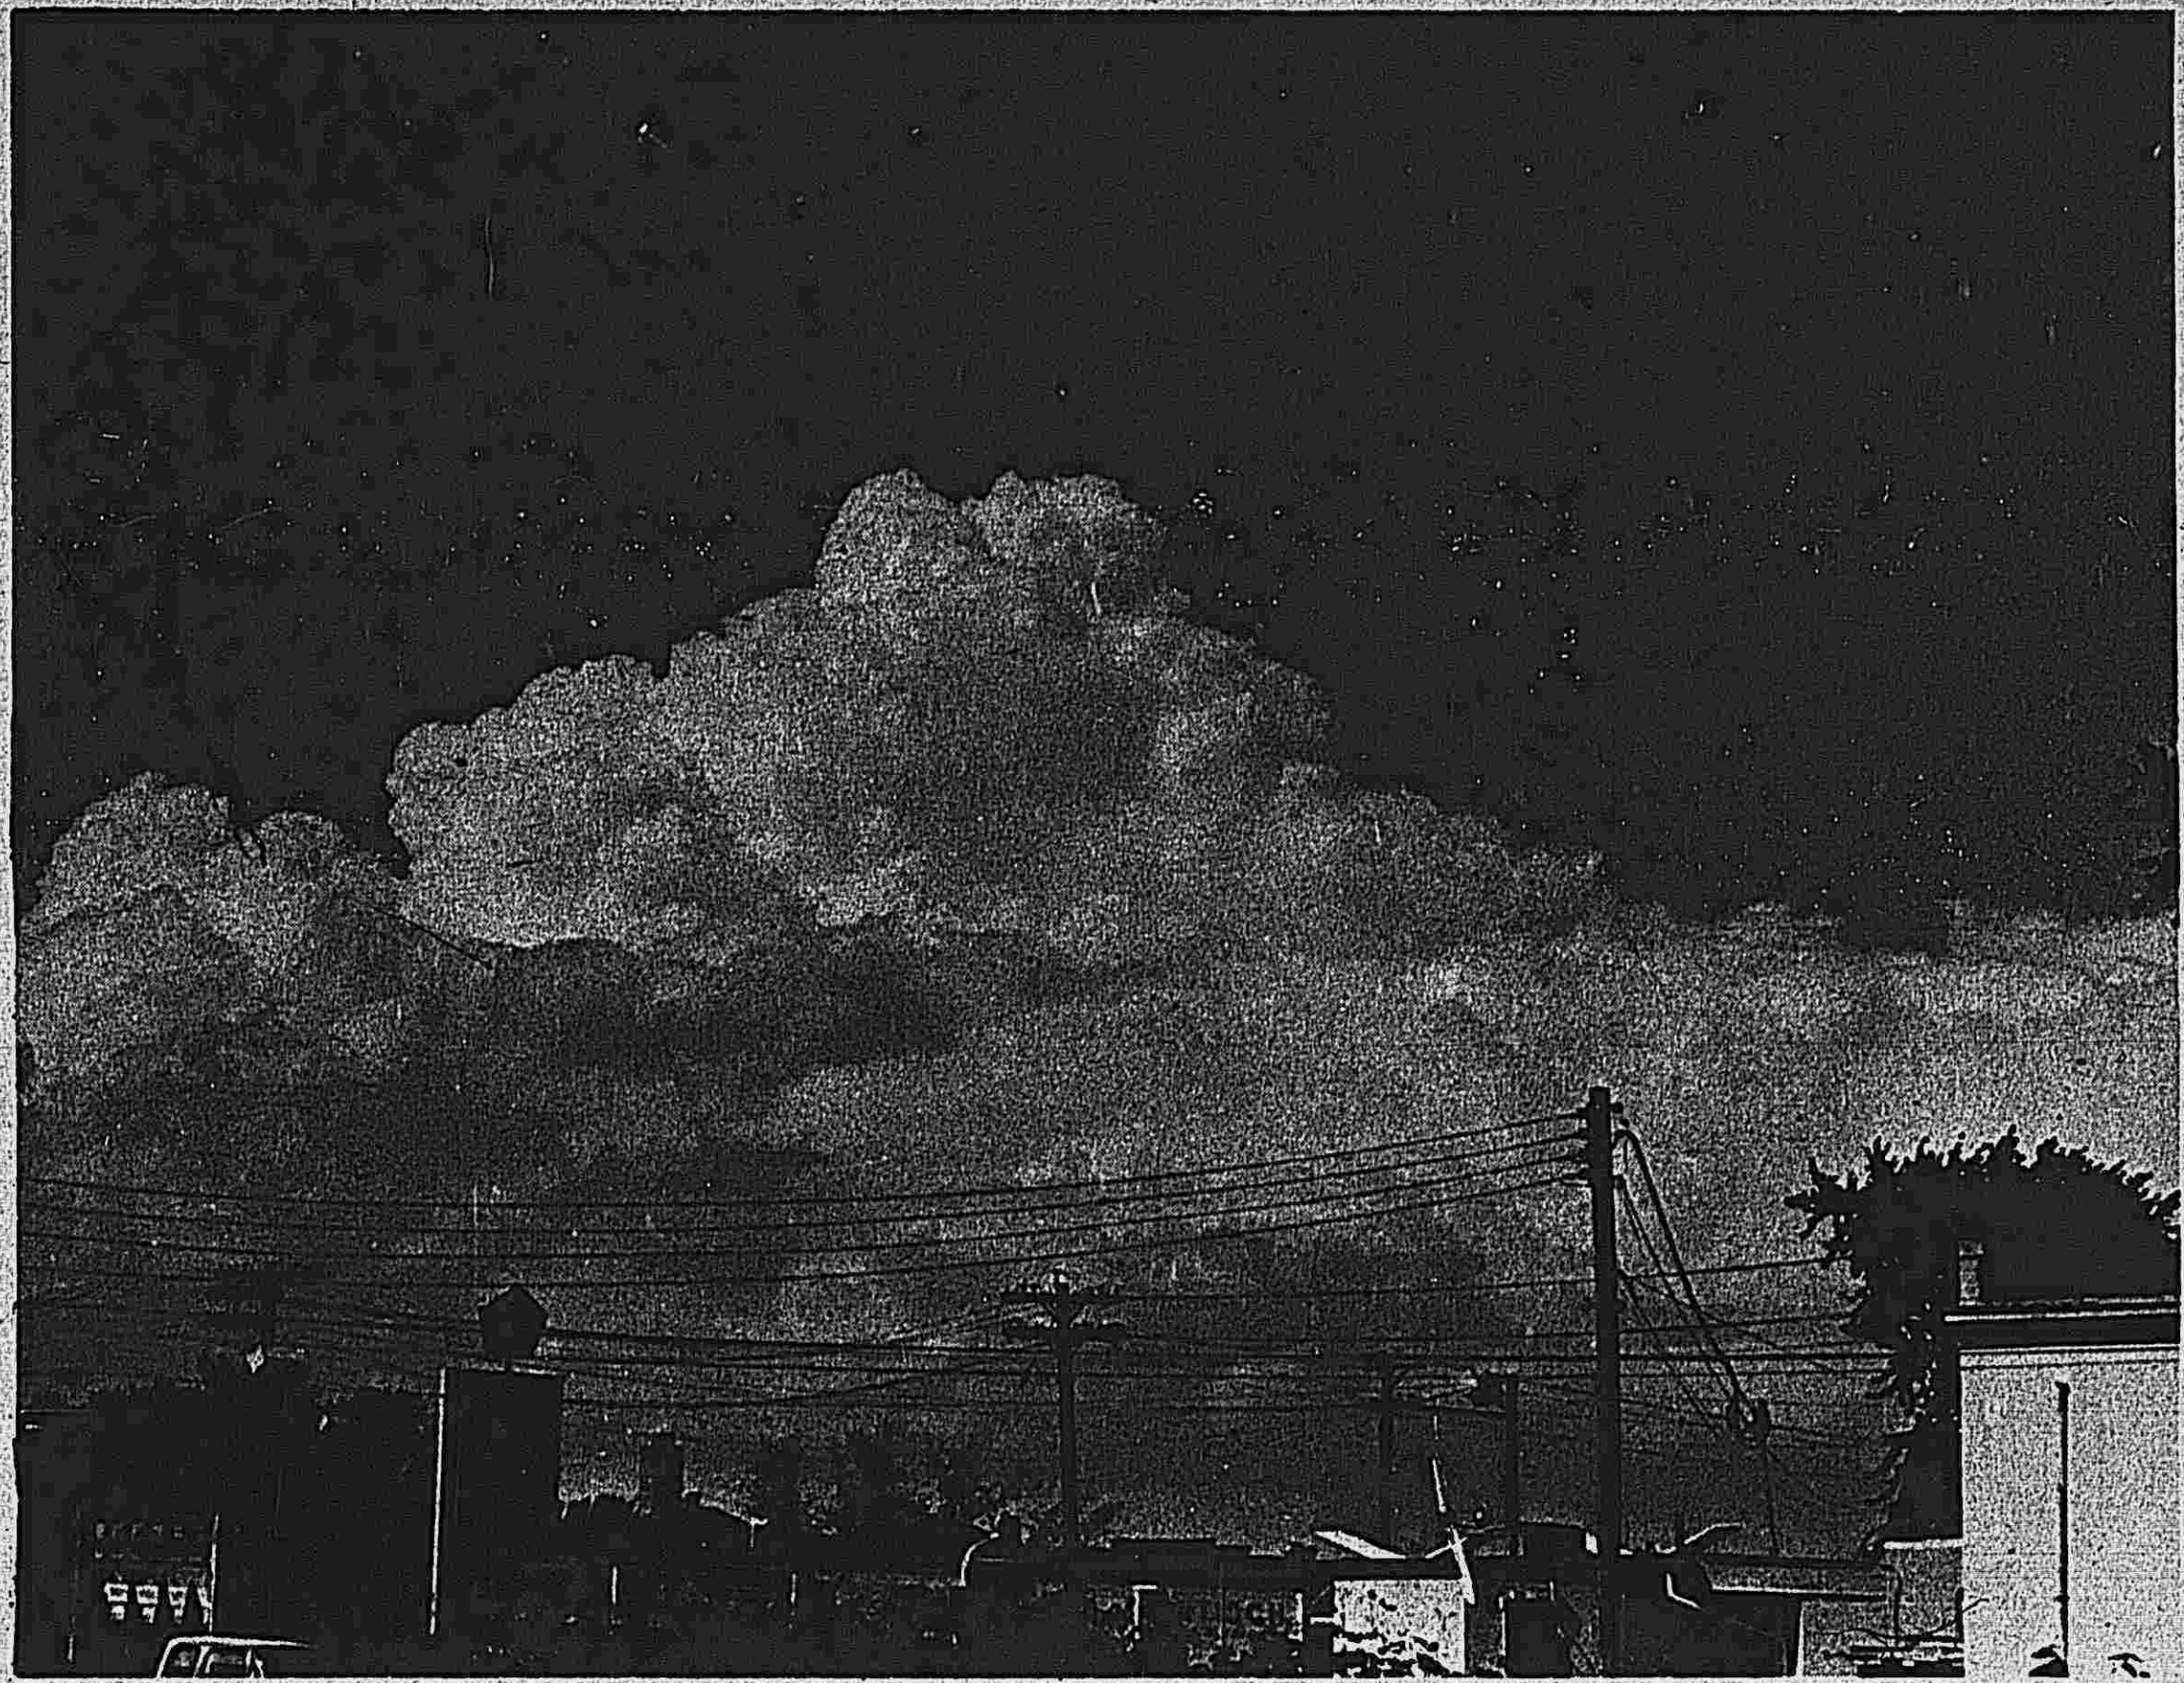

Phillip T. Moffat of 282 Lakewood Drive called police Saturday afternoon after finding a parking meter behind his home that morning.

He said his neighbor had heard a loud banging noise at approximately 10:30 p.m. Friday. In the morning, Moffat found a village parking meter, still on its metal pole base. He had to leave, and when he returned, the meter was gone. Moffat felt whoever picked it up had probably thrown it into a nearby swampy area.

All that was found at the scene was the brass plate containing parking information. The meter had been damaged beyond repair around the coin slots, and was brought into the station.

street committee was approved that the Hillside and First St., Hillside and Popular, Gary and Greenbriar, and Longview and Greenbriar intersections be converted to four-way stops. Approval was also granted to close Broadway Ave. from 8 p.m. June 29 to 2 a.m. June 30 for the Fire Dept. dance. The 10 p.m. curfew ruling is also suspended for this time period.

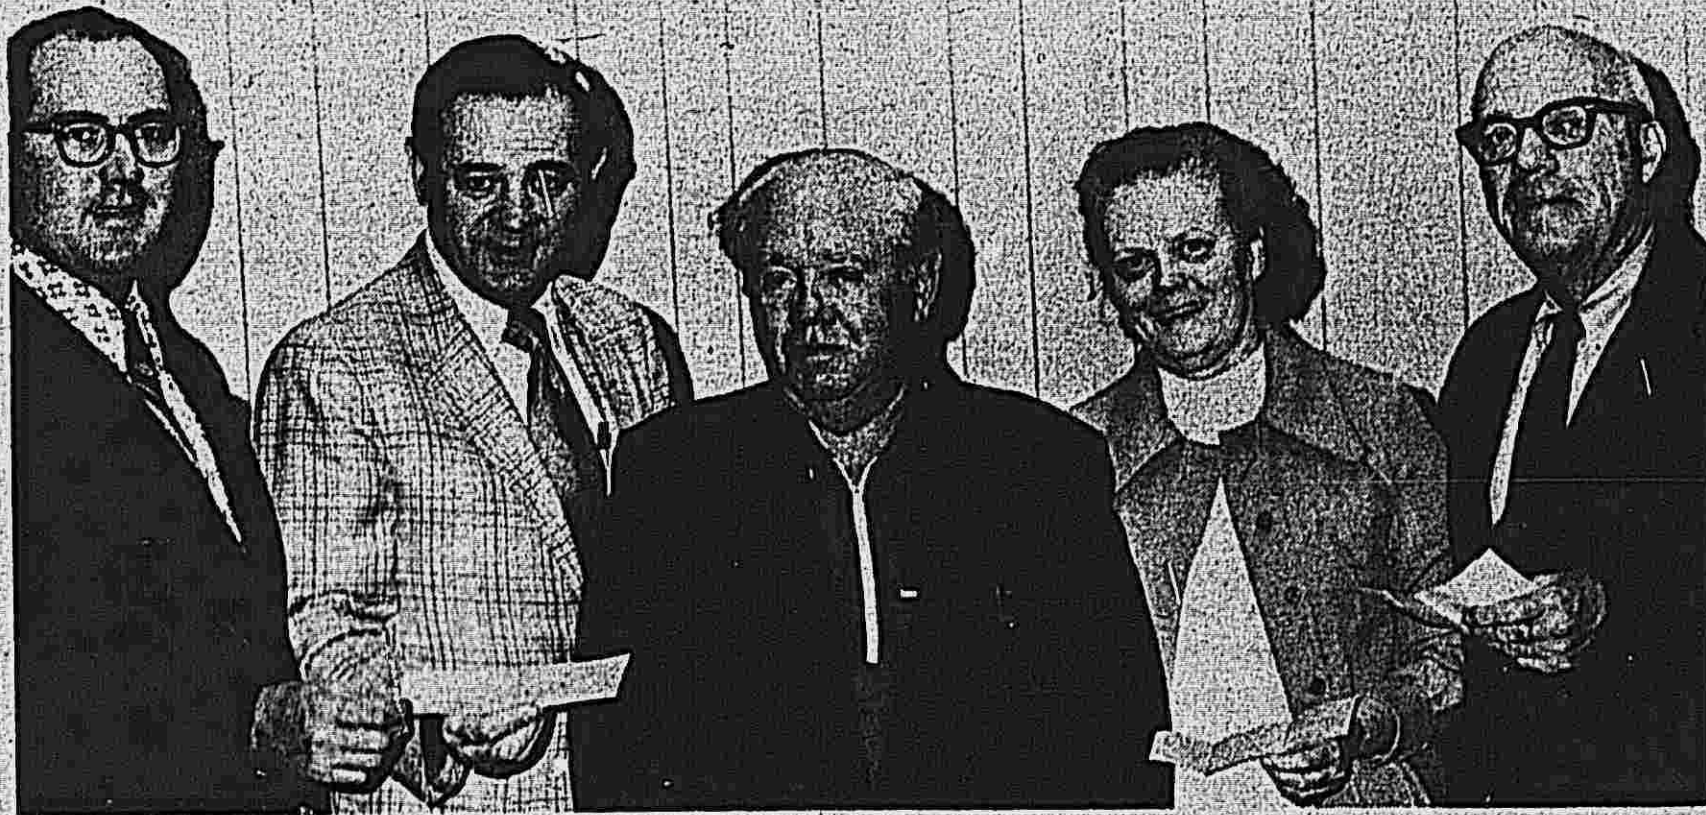

A committee was appointed to begin interviewing applicants for the position of Supt. of Public Works. The resignation of Thomas Haley from the zoning board was accepted, and James Koppa was approved to

fill the vacancy at Mayor Robert Wilton's suggestion.

Seepage problems, especially in the Oakwood Knolls and Village Green subdivisions, will be discussed at next Monday night's infiltration meeting. Trustee Seemann announced that residents in the problem areas will be informed of and invited to the meeting.

August 28 is under consideration as Senior Citizen Recognition Day, following a resolution passed by Lake County Forest Preserve District.

## EDITORIAL COMMENTS...

The Illinois State Chamber of Commerce has praised the investment policies of State Treasurer Alan J. Dixon.

When Dixon's first term in office ends in January, his administration will have earned more than \$350 million, 82 percent more than any of his predecessors.

Dixon is the first state treasurer in Illinois history to deposit money with banks in all 102 counties, and he also is the first treasurer to draw interest on every dollar deposited. An overnight investment last Wednesday, for example, earned a total of \$102,622 in interest.

The State Chamber of Commerce newsletter says this about Dixon's investment policy:

"Through a prudent investment policy, the State has been investing in high interest short term notes. Although many economists feel the present high rate will not continue at its present level throughout the coming year, a significant increase can be expected from this source."

Interest earnings represent the fifth largest source of revenue, and is the largest non-tax fund generator.

Persons who wish to speak out about what they believe is wrong—or right—with education

in Illinois will have that opportunity at a public hearing to be sponsored by State School Superintendent Michael J. Bakalis.

The hearing, to be held in Springfield from 9 a.m. to 4 p.m. on Wednesday, July 10, is one in a series of such public discussions opened by Bakalis' office on educational goals and priorities in the state, especially as the goals are spelled out in the publication "Action Goals for the Seventies: An Agenda for Illinois Education."

The hearing will be held in Illinois State Museum Auditorium. Anyone wishing to testify should notify the Community Relations Section of the Office of Public Instruction in Springfield at (217) 782-3646.

Public Interest Lawyer

Over the long term in the last few years the oil industry has set the stage for this energy crunch by keeping its reserves of oil and gas secret in the United States—it's still secret—by withholding supplies, by not developing adequate refinery capacity, and by squeezing out the independent refineries and gas stations that give the oil companies their prime competition.

Energy Crunch:  
Oil Industry's Product

Now, there are many techniques that the oil industry used. One was, for example, to develop state control. Texas and Louisiana control the amount of oil that can be drawn from Texas and Louisiana wells. So that was a way of limiting supply to keep the price up.

## CE Names District Manager

Joseph Scheuerman, has been named Waukegan district manager of Commonwealth Edison, succeeding Bernard T. Davis, who is taking an early retirement.

Scheuerman will assume administrative responsibility for the electric company's activities in a district that includes Antioch, Lake Villa, Waukegan, Zion, North Chicago, Fox Lake, Gurnee and surrounding areas.

Scheuerman joined Edison in 1936. Throughout his career, he has been associated mainly with marketing activities, most recently as marketing supervisor in the utility's Chicago South division.

Davis has been with Edison since 1936, working in numerous staff and operating positions in generating stations before transferring into marketing work in 1965. Since 1971, he has been manager of the Waukegan district.

A member of Lake County's Board of Directors for the United Way and the Zion Chamber of Commerce, Davis belongs to the Institute of Electronic and Electrical Engineers and the American Foundrymen's Association. He has been active in yachting circles for many years and holds membership in the U.S. Coast Guard Auxiliary and U.S. Naval Institute. Upon retirement he will be taking a position as general manager of the North Shore Foundry Company in Waukegan.

## Grade School Board Votes for Programs

The Antioch Grade School Board, District No. 34, says it feels it took "a very positive step forward" on Tuesday night, June 11, when it voted to reinstate part of the educational programs cut three years ago.

The board says it is now looking to the public to help pass a referendum to maintain these reinstatements. They include: Band, Sports, Shop, Home Economics, and Field Trips. The next referendum is scheduled for September, "so get out and vote! We need your support," a press release from a board spokesman requests.

The Board also voted to engage a full-time counselor to help solve discipline and emotional problems at the Upper Grade School.

A settlement was reached with the Teachers Assn., in which the teaching staff will enjoy a 12 percent increase in

salary over 1973-74, plus other fringe benefits.

Other highlights of the meeting included the presentation of plaques to retiring teachers, Mrs. Alice Brown and Miss Mary Durr; and the approval of the Teen Canteen program to be handled by certain teachers this summer at no cost to the district.

A special meeting to work on the budget for the 1974-75 fiscal year was set for Tuesday, June 25.

Resignations from three teachers were accepted, and the resignation of Jay Richardson, board member, also was accepted. LaVerne Woods will return to the board to fill the unexpired term of Mr. Richardson.

The board again felt the rising cost of living when it was informed of an increase in the cost of milk for the ensuing school year.

## Planning, Zoning Sessions

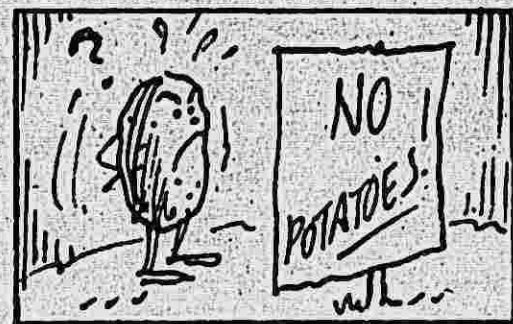

The Antioch planning commission and the village zoning board of appeals will be holding meetings in the next week and both groups are expected to discuss Dr. John Boarini's plans to build a medical-dental center on his property at 800 to 810 Main St.

The plan commission meets at 7:30 p.m. Thursday and the zoning board at 7:30 p.m. Tuesday. The Tuesday meeting will be a public hearing on Dr. Boarini's petition. After the hearing, the board will meet on amendments to the zoning ordinance as petitioned by the village.

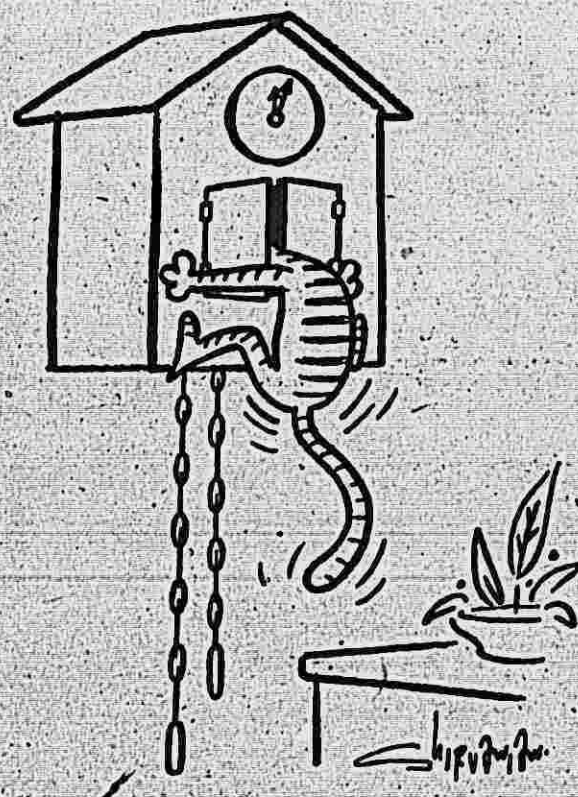

Thursday's plan commission meeting may include continued discussions of the Central Business District map. Members of the Chamber of Commerce have been invited to look over the map and discuss it with the plan group.

Dr. Boarini is planning a 2-story building of colonial design with about 5,000 square feet on each floor. His own dental office would be included, and possibly four or five doctor's offices as tenants may be available.

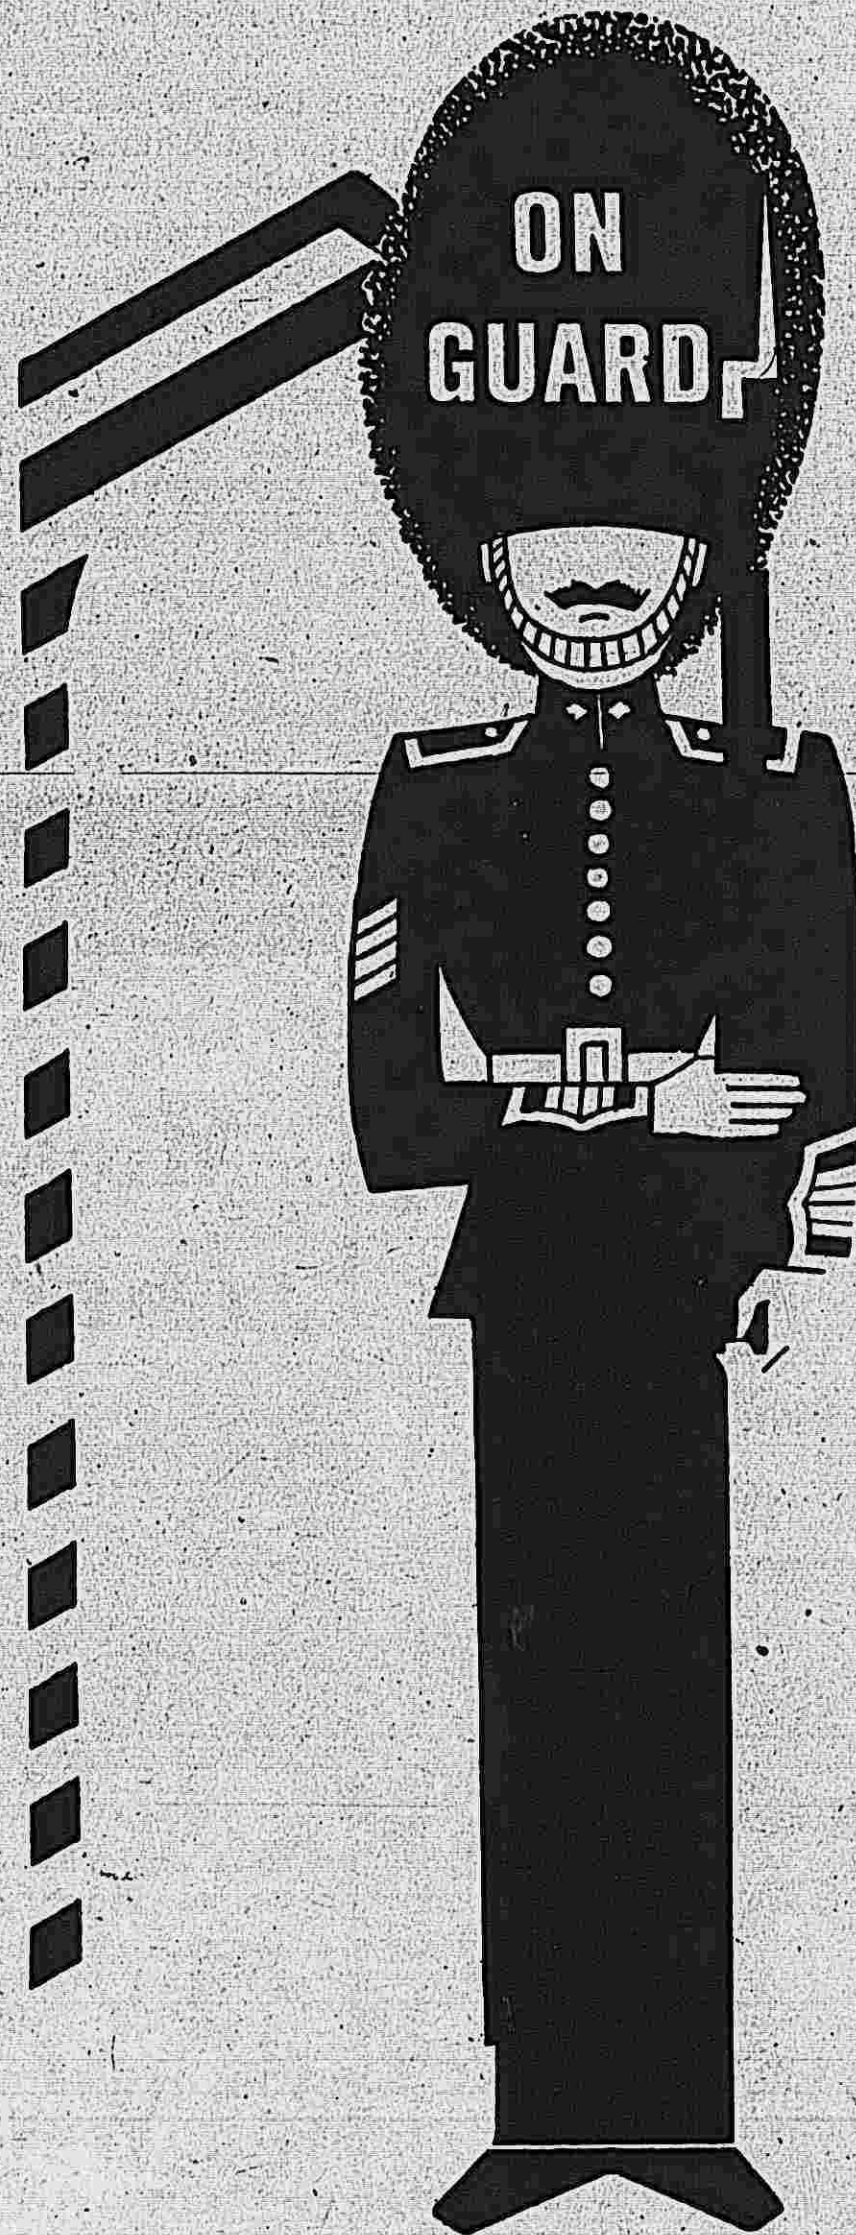

The clinic also would include a pharmacy.

Potatoes in 1728 were forbidden by law in Scotland because the potato was an unholy plant of the nightshade family and not mentioned in the Bible.

## The Faces of Evie

## Summer Complaint

By EVALYN ROZEK

Heaven knows we Mothers have enough to grumble about come summer. Mildew on the towels, centipedes in the jello, sand dunes in the bathroom ...

Know what really gets me, though?

Peanut butter-y knives.

I mean the kind that are so gooked up you can't tell where the handle leaves off and the blade begins. I mean the kind your children scatter all over the kitchen the minute your back is turned. (Slovenly as they are, my kids are downright finicky when it comes to sharing a knife or using the same one twice.)

Somehow, I can't bring myself to touch the things. I've considered therapy, but who wants to spend all that money just to discover that somewhere, buried in your childhood, there is a Father who forced you to eat a peanut butter sandwich against your will? Or a Mother who made you wash all those yucky knives, knowing perfectly well that it was your brothers, not you, who had soiled them?

Let's just say that, for some obscure reason, I despise

peanut butter-y knives.

The other day I went on strike. I had been reading Ms. magazine and, as usual, become incensed about my bitter lot in life, my loss of identity, etc.

"I refuse to wash any more of these knives!" I ranted. "And that's FINAL!"

The strike lasted eight hours.

By 10 a.m. I counted seventeen knives. By noon there were 39. And by suppertime, they had resorted to using popsicle sticks and tongue depressors from their doctor kits.

Now I know there are countless Mothers everywhere who are reading this and mumbling, "So what else is new? Peanut butter-y knives, like stretch marks and dirty diapers, are simply part of marriage. There's nothing we can do about it."

Read on, gals. I am about to divulge to you my three methods (tested and proven feasible) of cleaning up accumulated peanut butter-y knives:

Method Number One: Get wheelbarrow from garage and roll into kitchen. Don rubber gloves. Place knives in vehicle; wheel out onto driveway. Dump. Get garden hose, turn water on knives.

Not sanitary enough, you say? Cold water won't take care of the germs? Then my next method might be just the one for you.

Method Number Two: Borrow husband's barbeque tongs. Pick up knives, one by one, and carry to bathtub. Turn on hot water. Add detergent, shampoo, bubble bath, or whatever is handy. (I've tried an industrial strength cleaner; results were favorable.) Knives will be sparkling clean and germ-free in no time, assuming, of course, that you have your children trained to bathe in your swimming pool.

Method Number Three: Hold Knife-Cleaning Bee in yard. Invite neighbors in similar situation. Pile knives on lawn. Hire gypsy to play violin. Cry. On the knives. If this is a last-minute gathering and no gypsy is available, ask the women to hold hands and sing in unison:

**SHE MAY BE WEARY: WOMEN DO GET WEARY  
WEARING THAT SAME SHABBY DRESS ...**

For refreshments, serve potato chips or cheese and crackers.  
It cuts down on knives.

BE WISE, ADVERTISE!

## NEWS OF EDUCATION

### SAFE DRIVING

A national program that tests the knowledge and driving expertise of driver education students is sponsored jointly by the American Veterans of World War II, Korea and Viet Nam (AMVETS) and the Dodge Division of Chrysler Motors Corporation.

The national program, Operation Driver Excellence, started in 1967.

Student drivers have to win local runoffs to earn the right to compete in the nationals. Some \$6,000 in prizes and scholarships are at stake. First place winner receives a \$1,000

college scholarship and a Dodge automobile.

The drivers are judged in three phases of motoring: driving ability, knowledge of driving theory and traffic laws and the ability to handle an automobile in emergency situations.

The program's goal is to show that safe driving isn't always enough, that superior driving abilities are needed to anticipate and adapt to emergencies.

For further information contact AMVETS, 1710 Rhode Island, N.W., Washington, D. C. 20036.

In Greece and Rome, it was believed that unless basil plants were cursed when sown, they would not grow.

## 70 YEARS AGO JUNE 16, 1904

Mr. Alfred Gordon, well-known Chicago newspaperman, of the J. Manz Engraving Co., came here to prepare a special de luxe magazine edition of The Antioch News, illustrating the features of the Antioch - Fox Lake area.

The annual picnic was given by the two bachelors Jas. Kaye and R.J. McDougall to their friends at the latter's cottage at Grass Lake.

## 50 YEARS AGO JUNE 19, 1924

There was one steady stream of cars going south on Route 21 Sunday night.

Mr. Winch has had a powerful searchlight installed on the roof of the Channel Lake Pavilion with which he intends to "guide the way" to the dance hall.

## 20 YEARS AGO JUNE 17, 1954

The civil defense alert was sounded Sunday and the fire department and rescue squad made a run to Rte. 173 for an imaginary emergency situation. The response around the county was good in some places and bad in others. Waukegan pedestrians did not take shelter as they were told to do.

High temperatures have characterized June weather in Antioch this year. The highest for the month so far was 94 on the 12th. Yesterday the mercury worked up to 93 degrees. Hot weather struck with a bang last weekend and as a result large crowds came to Antioch lake resorts.

## 10 YEARS AGO JUNE 18, 1964

The 60-piece Antioch Grade School band journeyed to Springfield and played a concert for Governor Kerner.

Members of the board of Antioch Township Public Library hope to begin construction of a new library building within two years as the result of a vote at a town meeting approving a raise in the library's tax levy.

The Soo Line crossing Wilmot Road in Trevor was the scene of a terrible accident Monday afternoon in which five Chicago young people lost their lives when their convertible crashed into the side of a fast-moving freight train.

## Class of '34 Has Missing Alumni

The Antioch High School class of 1934 is planning its 40-year reunion and needs to locate seven of its members.

They are Jack Panowski, John Descher, Clare Hewitt, John Newman, Holger Nielsen,

Robert Petersen and Roberta Haase.

Anyone who has the addresses of any of these persons is asked to call Mrs. Masek at 395-0475.

## The Town Crier

Hear ye!

No question about it, the world began to go to pieces when they started writing poems that didn't rhyme.

When Annie Mae gets back from vacation next week I'm going to tell her that she missed the chance to congratulate Mr. and Mrs. Michael Czapar on their 52nd wedding anniversary. They celebrated on June 14.

And the Ray Traves Sr. celebrated their 48th wedding anniversary on June 12 with their son's family, the Ray Traves Jr.

GOOD NEWS about Henry Meyer, superintendent of Antioch Grade School. He is recuperating real well after emergency surgery at Loyola.

Mr. Meyer is home now, and a little uncomfortable because of the stitches that were taken, but he is recovering remarkably well and his doctor says he should be able to return to work

soon.

Recently while traveling to southern Illinois he and his family were involved in a head-on collision but, luckily escaped serious injury. Whether the abdominal pain that sent Mr. Meyer to the hospital was the result of the accident is uncertain.

HEY, I HAVE to get to Andre's Steak House in Richmond pretty soon. Charlie Jacobson is entertaining there five nights a week, Tuesday through Saturday. Always enjoy him.

Well, we found a good home for Baxter, the office cat. The lovable little orange kitten we took in out of the rain is getting all kinds of tender care from the children of Ed and Esther Domeracki.

Baxter made a lot of friends on Main St. during his stay here. All day long passersby were tapping on our window and talking to the little rascal as his

kitten's curiosity pondered the big world out there.

THERE'S LOTS of hot weather coming up and now is a good time to get your family or individual membership at the Antioch Aqua Center. The advertisement on page 9 tells you all about it.

I notice the Lions Club is accepting applications for its Red Cross Learn-to-Swim Program, too. You know, I never did learn to swim very well and I see they have a session for adults, too.

I think one of the best things I ever did for my children was to get them into swimming classes at an early age.

I had four older brothers who never taught me how to swim, but there were lots of times when they tried to drown me.

Hear ye!

## Metric Information Available in Booklet

Because of mounting interest in the metric system, the National Bureau of Standards has issued a new publication: "Some References on Metric Information—With Charts on All You Need to Know About Metric."

The booklet lists all the metric conversion factors along with the organizations publishing information on the metric system. It may be obtained for 25 cents from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

## Happenings around the community

Members of the Lake County Organ Society will be entertained by Mrs. Cathy Hackemer on Wednesday, June 26, at the Waukegan Library Auditorium at 7:30 p.m.

Mrs. Hackemer has been playing the organ since she was a young girl and has been the organist at the Christian Catholic Church in Zion for the past seven years.

At this meeting plans will be made for the members and friends to attend a concert together at Ravinia Park on Sunday, Aug. 4. Duo-Pianists, Ferrante and Teicher, will be featured when Arthur Fiedler conducts the Chicago Symphony "Pops," in a special program featuring popular American music favorites.

President Harry Mitchell announces that regular organ programs will continue throughout the summer on the fourth Wednesday each month. The public is invited.

THE COMMUNITY Services office at the College of Lake County will offer "Handwriting Analysis" in the fall semester.

The course provides an introduction to and insight into the scientific technique of handwriting analysis. According to course instructor, Jacob Nachowicz of Mundelein, "as each personality is different, so too is each handwriting different. Handwriting analysis is a tool which helps one understand oneself and others."

The 10 week course will be held on Monday nights, 7 to 9:30 p.m., starting Aug. 26. Tuition is \$15. An analysis kit must also be purchased for \$6.

THE CAMPUS of MacMurray College, Jacksonville, Ill., was headquarters this past week for the 34th Annual Illini Girls State Session - "A Project in Good Citizenship" - for more than 500 high school girls.

Each year, under the sponsorship of the American Legion Auxiliary, Department of Illinois, the girls are taught the practical application of Americanism through government and good citizenship. Miss Mary Ann Mayer was selected as the representative sponsored by Antioch Auxiliary Unit No. 748.

Miss Mayer was selected because of her outstanding scholastic record and leadership qualities. She will report on her experiences at the Unit meeting on Aug. 5.

MR. MARIO will be at Irene's Flair Coiffures, on Antioch's Main St., next Monday.

The session will be for beauty operators only and is not open to the public. Mr. Mario's blow combing demonstration will begin at 10:30 a.m.

Delegations from the more than 800 Units of the American Legion Auxiliary in Illinois are attending the 54th Annual State Convention of the Department of Illinois at the Pick Congress Hotel, Chicago.

Among the nearly 1,500 officially in attendance is Mrs. Eunice Rathmann, a member of Antioch Auxiliary Unit No. 748.

A Transactional Analysis-Gestalt all-day workshop will be offered at Family Counseling Clinic this summer. The clinic's T.A. staff has especially designed this "marathon" for adults who wish to better understand themselves and others through the practical application of T.A. theory. Transactional Analysis is a popular new approach to psychology also known as "I'm OK - You're OK."

The Workshop will take place on Sunday, July 14th from 9 a.m. to 9 p.m. at Family Counseling Clinic on Rt. 120, just west of Rt. 45 in Grayslake.

The cost for the marathon,

including meals, is \$35 per person. Register by calling the Clinic at 223-8107 or by mail.

Thirteen students from Antioch and 11 from Lindenhurst qualified for the Dean's Honor List during the spring semester at College of Lake County.

The honor students are:

From Antioch: William Baum, Rita Becker, Clifford Bode, Linda Carter, Diane Colucio, Jeffrey Dykiel, Robin Ellis, Wendy Ericksen, Patricia Horsch, Melville Knirsch, Kathleen Proctor, Susan Stanley and Jeanne McIntire.

From Lindenhurst: Deborah Bonovitz, Joan Boreen, Kenneth Boucus, Christy Braglia, Carole Hanson, Patricia Mohar, Warren Mohar, Edward Payne, Barbara Pfisterer, John Quinn and Dorothy Schneider.

The Lake County Animal Protection Association is requesting dog photographs for use as a public-participation contest at its Lake County Fair booth.

Rules for the dog pictures are:

Any size colored photo. Any situation in which the dog is by himself. Photo must be from a Lake County resident. Send dog's name, owner's name, address and phone number (no age restriction). Photo must be post-marked no later than July 10.

Send to Lake County Animal Protection Association, P.O. Box 106, Gurnee, Ill. 60031.

Five photos will be chosen from those received and winners will be determined by the public's vote during fair week.

Prizes will be: 1st, \$10; 2nd, \$7; 3rd, \$5; 4th, \$2; 5th, \$2.

Photos will become the property of Lake County Animal Protection Association.

ST. PETER'S Altar and Rosary Society will hold its 15th annual rummage sale on Saturday, June 29.

The sale will be at the church hall near highways 59 and 173. Hours are from 10 a.m. to 7 p.m. and ample parking is available.

### School Group Meets Monday

The finance committee of Lake Villa school district No. 41 will meet Monday night.

The meeting begins at 8 p.m. at Pleviak school.

The district's board of education was scheduled to hold a regular meeting last night. The agenda included a report on fire safety from Anderson, Rehder, Yandre, Inc., and acceptance of the resignation of John LaPaglia Jr.

In other action, the board planned to discuss the possibility of District No. 41 becoming a unit district, and the possible appointment of a committee to study the matter.

### Sequoit Auxiliary VFW

The Sequoit Auxiliary V.F.W. met on June 10 with president Ida Wysoglad presiding. The Auxiliary made final arrangements for its Flea Market on July 6, participating in the Chamber of Commerce and Industry Art and Craft Fair.

Many interesting articles of various types of handcraft, collectors items and gift selections will be on display. The Flea Market committee is Lillian Burnette and Ellen Flint.

A donation for canteen books was made for Downey hospital. Refreshments were served by Shirley White and enjoyed by all. The next regular meeting will be on July 8 at 8 p.m.

## Lindenhurst News

By SANDI CHRISTMAN

Lindenhurst's first Summer Recreation Program registration was June 13 at the Lindenhurst Civic Center for ages 3 and up.

The newly-formed program enrolled 173 children in baton, gymnastic and arts and crafts classes to begin July 1 thru Aug. 1.

The committee reminds all parents with children enrolled that since July 4 will be on Thursday this year, classes scheduled for that Thursday will be held on Wednesday, July 3, at their respective locations.

The Citizens Recreation Committee wishes to thank all those residents of Lindenhurst who applied for their tremendous support. They are sorry there was not enough space in some of the classes for all who were interested but are planning to enlarge the program by next year.

Information sheets were handed out covering the field trips scheduled for this summer as well as the bike hike, street dance and junior olympics day.

MR. CHARLES BROWN held tryouts for the play to be presented by Lindenhurst students from the sixth grade up. Mrs. Irene Petrinc, committee chairman for the play, reports that a fair number of interested students tried out for the play and committees relating thereto. One more tryout will be held by Mr. Brown before he announces who will get the various parts.

Residents interested in obtaining information sheets and permission slips for the field trips, etc., may pick them up from the village hall during regular village hall hours.

ANYONE INTERESTED in working with the committees may contact the chairman, Mrs. Marge Holbo, at 356-2402 or come to the committee's next meeting on June 19 at 9:30 a.m. at 2319 Spring Hill Lane, Lindenhurst.

### CAMP FIRE GIRLS RECEIVE AWARDS

Over 200 girls from across the Lake County Council area of the local Camp Fire Girls received various awards at Round Lake High School June 5. Five of the girls were local Blue Birds who flew up to become Camp Fire Girls. Congratulations to Tammy Schulenberg, Beth Woessner, Dawn Wucki, Tina Parker and Anne Montrimas.

At its June 13 monthly meeting, the Lindenhurst Women's Club unanimously voted to donate a \$50 check to

both the Community Creative Play Lot Committee and The Citizens Recreation Committee to use as each group sees fit.

THE PRINCE of Peace Women's Club recently elected its new slate of officers for the Friday night bingo committee. The new officers are Mr. John Swanson, President, Mrs. Jean Montrimas, Secretary, and Mrs. Theresa Dellisaril, Treasurer. Prince of Peace Friday night bingo proceeds help support the church's grade school whereas the Sunday afternoon bingo proceeds support the church as a whole. Congratulations to the new officers!

Congratulations to Mr. Ralph Montrimas who recently was appointed Chairman of the Candidates Screening Committee. This committee screens all possible candidates under the Democratic ticket in Lake County.

FOR ANY of you who may not have heard, at their June 10 board meeting the Lindenhurst board members approved a request to remodel and annex into the village the old Venetian Manor nursing home to be turned into a "European-type restaurant." What a long-awaited for and truly welcome addition this establishment will be to the Village of Lindenhurst. Thank you everyone involved!

The Village Board is in the process of interviewing for a senior-rated Red Cross life guard graduate to rotate between the two beaches on Lake Linden for the summer months. Hopefully, the life guard would be on duty for four hours a day, five or six days a week until Labor Day weekend. The village certainly is busy this year it seems.

THE TRINITY UNITED Methodist Church on Beck Road held a pot-luck dinner for their new pastor, Reverend Bruce Naylor, his wife Dottie and their 7 year old daughter Jana. Approximately nine couples were in attendance on Sunday at five o'clock at Trinity Church.

Rev. Naylor and his family are originally from Texas and Rev. Naylor also attended a school in Louisiana. He worked in Zion, Ill., for a book publishing company until he decided to enter the seminary. He recently graduated from Garrett Theological Seminary in Evanston and has now accepted the pastoral position at Trinity Church. Our community extends a warm welcome to Rev. Naylor and his family.

## ABC's of Travel

Barb Corbin

## Greyhound Discount for Students

Greyhound Introduces a discount for students which is a great help now that there is no longer a Youth Fare with the airlines.

This is for students who buy Greyhound's Ameripass at

\$165.00 for one month and \$220.00 for two months. This ticket permits unlimited travel over 100,000 miles of Greyhound routes plus the connecting bus lines of many carriers.

They also have a guide which tells you where to stay in the U.S.A. from 50 cents to \$7.00 a night. This low-cost accommodations guide lists such places as "Y's", hotels, college dorms, camping grounds and no-frill motels.

Another great feature for the young is that they will carry bicycles as baggage without extra charge. They cannot be over 100 lbs. and must be in a cardboard box with the handle-bars and peddles removed. However, this is no big problem and one can always obtain a big cardboard box.

For the young at heart who want to see the U.S.A. on a very minimum amount of money — here is your chance. Check with your local travel agent for all arrangements and any other questions.

Barb Corbin

Mr. and Mrs. Kenneth Geiger

## Donna Haase Weds Mr. Kenneth Geiger

Mr. and Mrs. Kenneth Eugene Geiger, who were married by the Rev. Donald A. McPeck in Millburn Congregational Church of Millburn, Ill., are living in Antioch.

The new Mrs. Geiger is the former Donna Marie Haase, daughter of Mr. and Mrs. Clarence Haase of Antioch. Her bridegroom is the son of Mr. and Mrs. Eugene Geiger of Antioch.

Bonnie Haase of Waukegan, and James Weiss of Antioch, were honor attendants at the wedding. Denise Haase, Terri Schneider, Beverly Weeks, Linda Heller and Sandra (Smith) Howell were bridesmaids. David Kolb, Daniel

Kolb, Randy McBain, Daniel Wiele, and Jack Kolb were groomsmen. Kimberly Watson, the bride's niece, was flower girl and Michael Jesse, nephew of the bride, carried the rings.

The bride wore a floor length gown of white silk organza and Chantilly lace and her lace edged Chapel-length mantilla was of imported illusion veil.

A reception was held at Lorenz's Smart Country House in Antioch.

The new Mrs. Geiger is a 1972 graduate and Kenneth is a 1970 graduate of Antioch Community High School.

The Greeks believed that a burning aster would drive away serpents.

**INTERNATIONAL MEETING** -- Christian Scientists from many parts of the world gathered in Boston this month for their annual meeting. Their headquarters include the 26-story Church Administration Building at left, the domed structure in the right background and (lower right) the Church Colonnade Building, which borders a reflecting pool and fountain.

## Christian Scientists Meet in Boston

Today's need for moral integrity is "one of the most obvious urgencies in our society," Christian Scientists from many countries were told at the denomination's annual meeting in Boston.

"No nation could long

prosper while drifting into a miasma of moral blindness, public and private," DeWitt John, the new chairman of The Christian Science Board of Directors, declared.

"Divine Principle (God) is the real source of integrity and justice for every nation," he said, "and our individual adherence to Principle is a

DeWitt John

powerful help in demonstrating God's government among men."

More than 6,500 members of The Mother Church, The First Church of Christ, Scientist, in Boston, were on hand.

According to Mrs. Reed F. Kaiser, the Assistant Committee on Publication for Antioch, a number of members were from the Antioch area.

Some of them viewed the newly completed Church Center for the first time.

Mr. John told the gathering that there is an answer to the widespread confusion in the world.

"At the heart of all of today's needs," he said, "is the need for spiritualization of thought. Undestroyed materialism is what would prevent healing ... and reduce society to confusion."

Quoting from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, who discovered and founded Christian Science, Mr. John said: "Honesty is spiritual power. Dishonesty is human weakness, which forfeits divine help."

## CHRISTIAN SCIENCE CHURCH

In the Bible in St. John 5 we read how Jesus healed the man who had been ill for thirty and eight years.

In the Lesson-Sermon entitled "Is the Universe, Including Man, Evolved by Atomic Force?" This Sunday at First Church of Christ, Scientist, this citation from Science and Health with Key to the Scriptures by Mary Baker Eddy will be read: "Divine Science reverses the false testimony of the material senses, and thus tears away the foundations of error."

Services at First Church of Christ, Scientist, Beacon Hill, Rte 173 & Harden, Antioch, Illinois begin at 11 a.m. Everyone is invited to attend, and care for children is provided.

## Fr. Keusal Leaves For Waukegan

Early this month Father Eugene L. Keusal of St. Peter Church received word that he was being transferred to St. Anastasia parish in Waukegan.

His assignment at St. Anastasia took effect Saturday.

Father Keusal was assigned to St. Peter in June of 1968. The policy of the personnel board of the Archdiocese of Chicago is to transfer assisting priests every five years.

In March of 1970, along with his parish duties, Father Keusal was appointed Vocation Direc-

tor of Vicariate One of the Archdiocese of Chicago. Vicariate One includes all of Lake County and the northwest corner of Cook County.

As Vocation Director he is available to people who are interested in serving their fellow man through the church. His work takes him to the various schools on weekdays and churches on Sunday.

Along with his parish duties and vocational work Father Keusal with the other priests at St. Anastasia will be responsi-

ble for the spiritual needs of patients at Victory Memorial Hospital.

During his six years here, Antioch has become home, Father Keusal said. He said that he was made to feel at home not only by his own parishioners but by all the people of the community.

Serving the people of his own generation was made easy because of the acceptance of the youth and the wisdom and courage of the senior citizens.

## Cyclethon Successful

From a tricycle to bicycles, young girls and adults of Antioch participated in the Lakeview Girl Scout Council Cyclethon.

Seventy percent of the cyclists were youngsters and they learned about bike safety while having fun on this bright sunny day. Pledges brought in by the participants amounted to over \$1,000.

The first and last checkpoints were in Van Patten Woods. All seven checkpoints were manned by volunteers from Lake County. The rider's bicycles were safety checked by a group of explorers and advisors of Northeast Illinois Council, B.S.A.

Some participants rode the 13.5 mile route more than once. Leslie Zimmerman of Antioch was the youngest rider to participate. She rode 3 miles

within the park area on her tricycle accompanied by Elaine Woinowiak.

YOUNGEST PARTICIPANT in the Lakeview Girl Scout Council Cyclethon was Leslie Zimmerman of Antioch.

HELPING TO MAKE the Cyclethon successful were Jill and Nancy Harland, pictured here with William Herbst.

ROOKIE DRIVER Don Collins of Lake Villa roars around the Kenosha County Speedway in his 1969 Dodge Charger, owned by Antioch Auto Center. Collins will be in Thursday night's late model show at the Wilmot track.

## Special Races at Wilmot

Another late model stock car program has been scheduled at the Kenosha County Speedway Thursday night.

The Interstates Racing Association, sponsoring the event at the Wilmot track, said that time

trials will begin at 7 p.m. and racing at 8.

There also will be a Demo Derby with \$50 to the winner.

Dick Duston won the IRA super modified 25-lap feature at the track Saturday night. It was

his second straight win and his fourth in six weeks of running.

Whitey Harris of Lake Villa was second in a super modified heat race and Don Collins of Lake Villa placed fifth in the sportsman feature.

## Horn, Roper Win Waukegan Races

WAUKEGAN - Joe Horn of Zion won his second straight late model sportsman 25-lap feature race Saturday night at the Waukegan Speedway. Early leader Bob May was second and Ed Dunne finished third.

Bob Roper increased his point lead in the Chicagoland Driving Championship Sunday night by bettering a stellar field in the 30-lap feature race for late model super stock cars.

Roper took the lead in the 9th lap from Ray Young and then withstood a valiant charge by "Dynamite" Dave Evans in the final lap. Evans finished second and maintained his slim point lead.

With the new Chicagoland Driving Championship (CDC) now in full swing, many of the area's top late model drivers are making it a habit to compete regularly at the three participating tracks, the Grundy County Speedway (Morris, Ill.) on Friday nights, the Illiana Motor Speedway (Schererville, Ind.) on Saturday nights and the Waukegan Speedway on Sunday nights. One of the twenty or so drivers following the weekend circuit each week includes Bob Dotter of Chicago.

Dotter is what could be called "a dying breed" among area late model stock car pilots. He is driver, car owner and sole mechanic of his late model racer, a 1973 Chevy Nova. Years ago it was quite common to see a one-man operation in weekly stock car wars, whereas today most stock car teams consist of car owner, driver and a number of mechanics.

The 32 year old Dotter got his start in racing in about 1961 as a car owner at the old O'Hare Stadium in Schiller Park. By the next year Dotter began driving his own cars at O'Hare, which he did until the track closed after the 1968 season. He established himself as one of the top drivers at O'Hare, where he

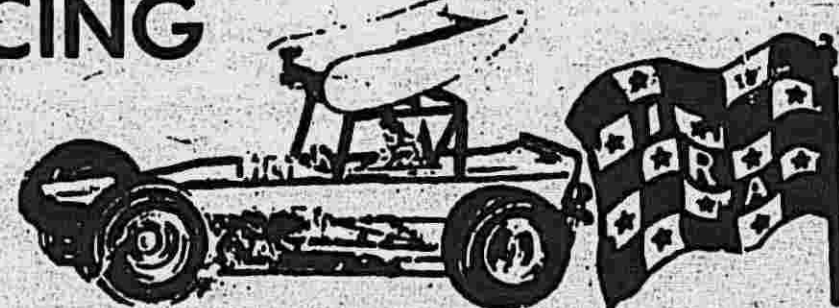

was voted the "Most Popular Driver" in 1965.

Over the years Dotter has competed at most race tracks in the Midwest. He captured the late model track championship at the Lake Geneva Raceways in 1971. Winning the 1972 75-lap Season Championship race at Illiana was probably his biggest

win to date.

Dotter is off to a good start this season. He is ranked among the top drivers in the point standings at all three participating tracks in the CDC. Although he has not scored a feature win at any of the tracks, he is ranked eighth in the point standings.

## OBITUARIES

MRS. ANNA BRZEZINSKI, 84, of Antioch, Ill., passed away on Wednesday, June 12, at Rolling Hills Manor Nursing Home in Zion. She was born January 22, 1890 in Chicago, Ill. and resided there until moving to Antioch 12 years ago. She was a member of St. Peter's Catholic Church in Antioch. She married William Brzezinski on May 11, 1909 in Chicago, and he preceded her in death on January 27, 1962.

Survivors are 2 daughters, Mrs. Gertrude (Ray) Lorenz and Mrs. Genevieve (William) Jones; 4 sisters; 4 grandchildren and 5 great grandchildren. She was preceded in death by 2 brothers.

A funeral mass was held at 10:00 a.m. Friday at St. Peter's Church in Antioch. Interment was in St. Adalberts Cemetery in Niles, Ill.

MR. JOHN L. NAU, 71, of Brighton Township near Salem, Wis., passed away on Sunday, June 16, at Kenosha Memorial Hospital. He was born April 5, 1903 in Kearney, Nebraska and had resided in Riverdale, Nebraska and York County, Nebraska before moving to Brighton Township in 1934. He had been a farmer all of his life. He held membership in the Zion Evangelical Lutheran Church at Bristol, Wis., had served on the church board, and had been in the choir. Mr. Nau had served as the Brighton Town Clerk, had been on the Brighton Grade School Board, and held membership in A.M.P.I. He married Marie Lenz on Oct. 19, 1925 at Hampton, Nebraska.

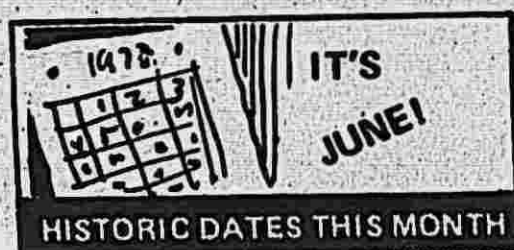

Survivors are his wife, Marie; 2 sons, Delmar L. Nau and Dale J. Nau; 1 brother; 3 sisters; and 7 grandchildren. He was preceded in death by 1 brother.

Funeral services were held at 1:00 p.m. Tuesday in the Zion Evangelical Lutheran Church in Bristol, Wis. Pastor Laurence Nolte of that church officiated. Interment was in Bristol-Paris Cemetery.

MRS. KATE PARREANT, 77, of Salem, Wis., passed away on Sunday, June 16, at the Kenosha Memorial Hospital. She was born February 15, 1897 in Petherton, Sommersetshire, England and came to the United States in 1915 to reside in New London, Wis. until moving to Salem in 1960. She attended the Silver Lake Community Baptist Church, and held membership in the National Consul of Senior Citizens, and the National American Association of Retired Persons. She married Louis Parreant Sr. on Dec. 31, 1960 at Downey, Ill. following the death of her first husband, Edgar Wines.

Survivors are her husband, Louis Parreant Sr.; 1 step son, Louis Parreant Jr.; 2 brothers; and 2 grandchildren.

Funeral services will be held at 8:00 p.m. Wed. at the Strang Funeral Home in Antioch, with Rev. Roger Weaver officiating. A graveside service will be held at 1:00 p.m. Thursday at the Floral Hill Cemetery at New London, Wis. with Rev. David Pestel of the New London Baptist Church officiating. Friends may call at the Strang Funeral Home in Antioch after 3 p.m. Wednesday until 10:00 p.m. Wednesday.

JUNE 19. In 1819, the S.S. Savannah arrived in Liverpool, England, after the first Atlantic crossing by a steamship.

JUNE 21. In 1788, the United States Constitution went into effect as New Hampshire became the 9th state to ratify it.

### 'Hindsight's Better Than Foresight'

By FATHER KEUSAL

Although theophany is a word that is rarely used in everyday language, it is an experience that occurs frequently in the life of man. Theophany is a Greek word which merely means a showing of God - God in a way that He can be experienced by man. An example would be the showing of the infant Jesus to the three kings. Somehow our human experience has restricted the reception of God experiences to very rare occasions and to exceptional people. This restriction is due to man not to God.

God has always shown Himself to man and continues to show Himself. There is nothing

wrong with the sender - God. The problem is with the receiver - man. We continue to restrict the reception to time, place, culture and our own limited personal experiences. Scripture tells us that man is made in the image and likeness of God yet we continue to try and make God in the image and likeness of the experiences of man.

Every creature, animal, vegetable and mineral has an aspect of divinity about it. Every creature can draw us closer to a loving relationship with our God. Our reception has to be open especially if the theophany is something strange to our personal experiences.

If we want our God - relationship to intensify we have to become sensitive to the world around us. Like the Indian who can read the footsteps in the ground, sense danger in the wind and interpret the sounds in the earth we have to learn to see the wholeness of our God in the varieties of creation. Our God is as simple as a blade of grass and as complex as the atom bomb. The whole universe is a theophany. All we have to do is to receive what God is sending.

## Spirit of '76 Group Meets

The newly-formed Lake County Spirit of '76 committee met last week at the First National Bank of Libertyville. Representatives from most parts of Lake County were present.

The purpose of the committee, according to Jean Montriman, Lindenhurst, is to coordinate all the groups in Lake County planning special events for the 1976 Bicentennial Celebration.

Their aim is to activate all communities and unincorporated areas toward projects of a

patriotic and historic nature, culminating in a large celebration and pageant on July 4, 1976.

Mr. Richard Lyon, of Druce Lake, the originator of the group, was elected temporary chairman.

The next scheduled meeting of the committee will be July 10 at 8 p.m., in the meeting rooms of The First National Bank of Libertyville.

All interested persons, including VFW and American Legion representatives, teachers, Boy and Girl Scout leaders, municipal representatives, and repre-

sentatives from other civic groups are urged to attend.

For further information, contact Jean Montriman at 356-3147.

### GOOD PSYCHOLOGY

IF YOUR CHILDREN'S OUTDOOR PARTY HAS LEFT YOUR YARD A MESS, USE PSYCHOLOGY TO GET THEM TO CLEAN IT UP. TELL THEM YOU'RE GOING TO HAVE A GAME TO TEST WHO CAN COLLECT THE MOST RUBBISH AND THAT A SPECIAL PRIZE WILL BE GIVEN TO THE WINNER.

### Fr. Keusal to new parish

Continued from page 10

he said.

Father Keusal said that he has given as much of himself to Antioch as Antioch has given to him.

Father Keusal has been writing an interesting column, "Hindsight's Better Than Foresight," for the Antioch News. His farewell column is scheduled to appear in the Wednesday, June 26, issue.

## Spirited COOKING

All's Well From Cornwall  
This meal will not only give you a new way to beef up your ground beef, it'll also encourage the men to eat their vegetables!

### CORNISH PASTIES

#### Crust

- 1 package pie crust mix (for 2-crust pie)
- 3 tablespoons Bourbon Water

#### Filling

- 1/2 pound ground beef
- 1 small onion, diced
- 1 medium potato, diced
- 1 medium carrot, diced
- 1/2 teaspoon salt
- 1/8 teaspoon pepper
- 2 tablespoons Bourbon

Prepare pie crust mix according to package directions, substituting 3 tablespoons Bourbon for 3 tablespoons water. Combine filling ingredients and mix well. Divide pastry dough into 8 portions. Roll out each portion into a 5-inch round. Place about 1/4 cup of filling mixture in the center of each round. Moisten edges with cold water. Fold dough over filling. Press edges together firmly with fork. Place on greased baking sheets, cut 2 slits in the top of each pastry. Bake in preheated 400°F. oven 15 minutes. Reduce heat to 350°F. Bake 30 minutes longer. Makes 8.

Let us help you get to know your new community as quickly as possible. Our hostess will call on you and present you with gifts, greetings and useful information.

AARP Installs  
New Officers

The Antioch Chapter No. 387 of the American Association of Retired Persons held its election of officers June 11.

New officers will be installed on Tuesday, June 25, by Onnie Bridges, assistant state director, at the group's annual picnic at Van Patten Woods, from 10 a.m. until 4 p.m.

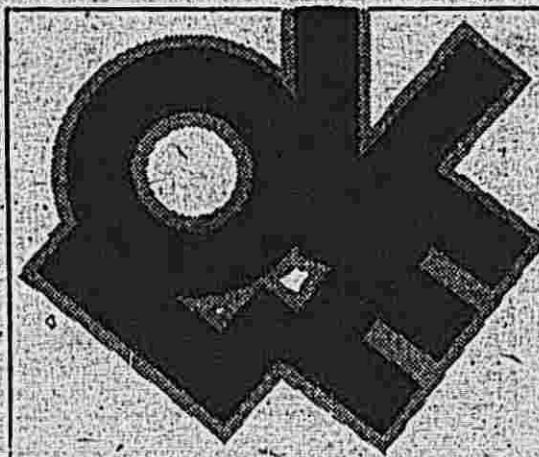

They are Dolly Spiering, President; Esther Aiani, 1st Vice President; Rose Jankowiak, 2nd Vice President; Mildred Carr, Secretary, and Clarence Spiering, Treasurer.

The Board of Directors includes: John Jankowiak, Chester Schultz, Violet Feldmann, Mildred Simoni, Bernadette Schultz and Violet Fernstrom.

Each member is expected to bring a favorite dish for a Pot Luck dinner.

"Bring your own plate and silverware. Games and prizes galore should be enjoyed by all," said Mildred G. McKechnie, publicity chairman.

Of the ten biggest cities, five are in Asia: Shanghai, Tokyo, Peking, Bombay and Seoul.

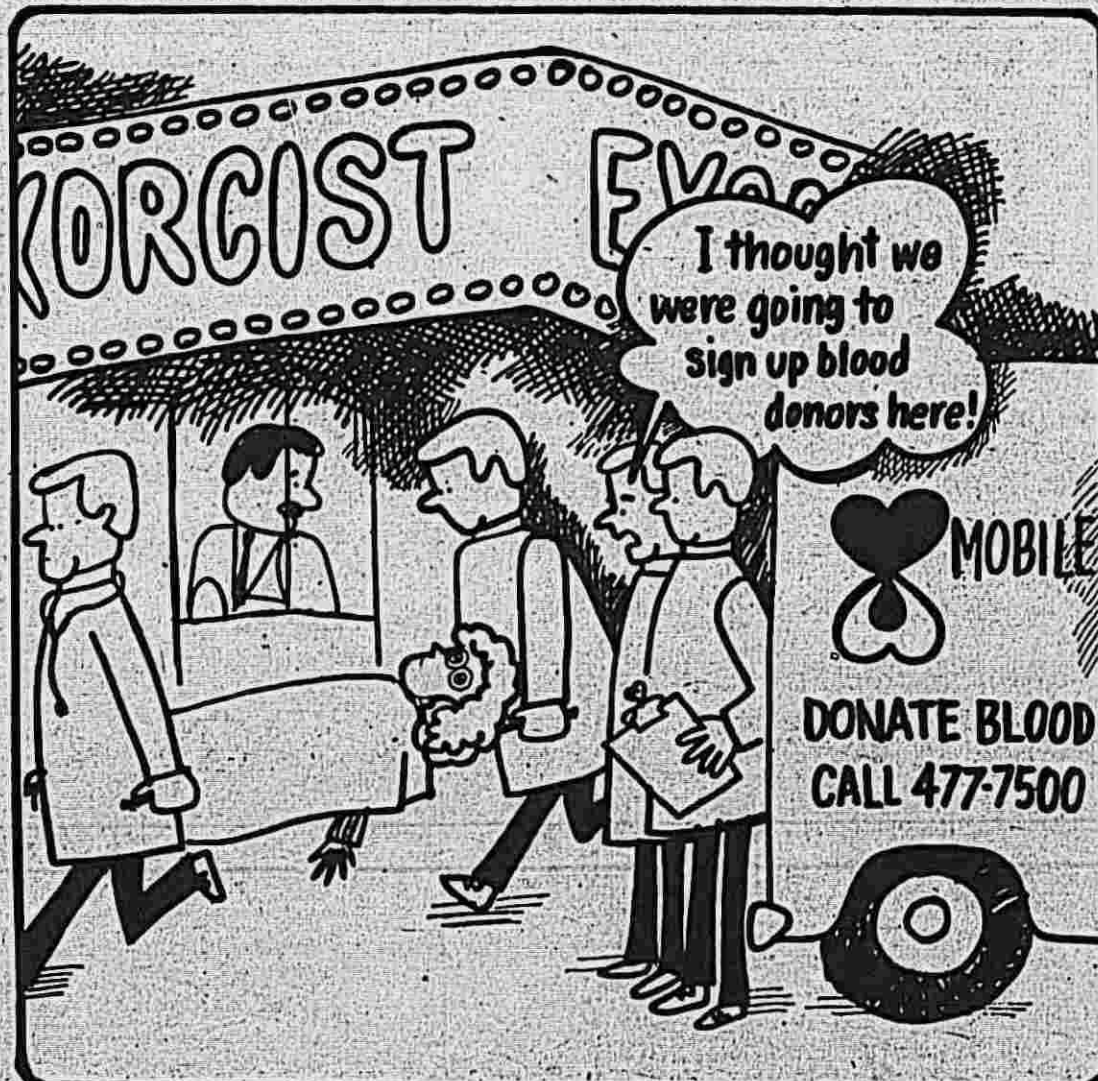

Do  
your children  
know  
God's love?

In a Christian Science Sunday School, children learn that God is Love and that He is an ever-present friend, always close to them. And they are given practical instruction from the Bible and the Christian Science textbook that they can use every day.

We'd love to see you and your children this Sunday.

## Names in the News

CHARLES DIEMER of Antioch and Thomas Nehlsen of Lake Villa were among 22 graduates of the apprentice training program of the Plumbing and Heating Industry of Lake and McHenry counties. Commencement exercises were held at Fox Lake last Saturday.

Graduates of the five-year apprenticeship program are eligible to take the journeyman plumbers license test administered by the state.

Mrs. Hazel Rhymer of Antioch was one of 14 people who returned last Thursday night from a tour of Europe.

Also in the group was Mrs. Gladys McCarthy of Gurnee and Mrs. Rhymer's daughter and son-in-law, Mr. and Mrs. C.W. Wicoff of Urbana.

They visited England, Holland, Germany, Switzerland and France. They're all a little tired, Mrs. Rhymer reports, but they had a great time and "everything was beautiful."

CARTER W. TALIAFERRO of 1538 Forest Dr., Lake Villa, was among the 600 graduates who received degrees from Roosevelt University in Chicago. He was awarded the bachelor of science degree.

Two Antioch students have made the Dean's List at Illinois Wesleyan University in Bloomington. They are Alice Burnette of 917 David St. and Karen Yopp of Route 1.

Also among the university's top students are Barbara and Janet Polsgrove of 1525 Ravine Dr. in Lake Villa. To make the Dean's List a student must have a grade point average of 3.25 or better based on a perfect 4.0 for all A's.

### Legion Auxiliary

Continued from page 2

notified that her Children and Youth report was judged best, and was forwarded to Department.

The 10th District also was recognized for its work in the Foreign Relations program. Dorothy Mitchell of Grayslake was chairman. Mrs. Hogue received commendation for having graduated the largest class in Leadership Training throughout the division. For those units with less than 50 members, Mrs. Jerry Carlson of Lake Villa was notified that her Children and Youth report was judged best, and was forwarded to Department.

Mrs. Norman Holt, 10th District President, and Mrs. Ted Odom, membership chairman, received awards for having the highest percentage of membership in the four districts which compose 2nd Division.

Word was received that Unit 281, Waukegan, received a Blue-Ribbon award from the Department Director of Hospital Services, Mrs. Stedman Florence, for the presentation of a set of encyclopedia to patients at Downey Veterans Administration Hospital. Mrs. Henry Reinke, Rehabilitation Chairman, and Mrs. Frank Loquidis, President of Unit 281, made the presentation to the hospital.

An old Irish belief is that a person wearing a shamrock can understand dogs.

Frederick C. Walpole of 513 Garys Drive, Antioch, is included in a list of Purdue University's distinguished students.

An electrical engineering major, Frederick is among the top 17 percent of the students on the Lafayette, Ind., campus. Army Private Michael L.

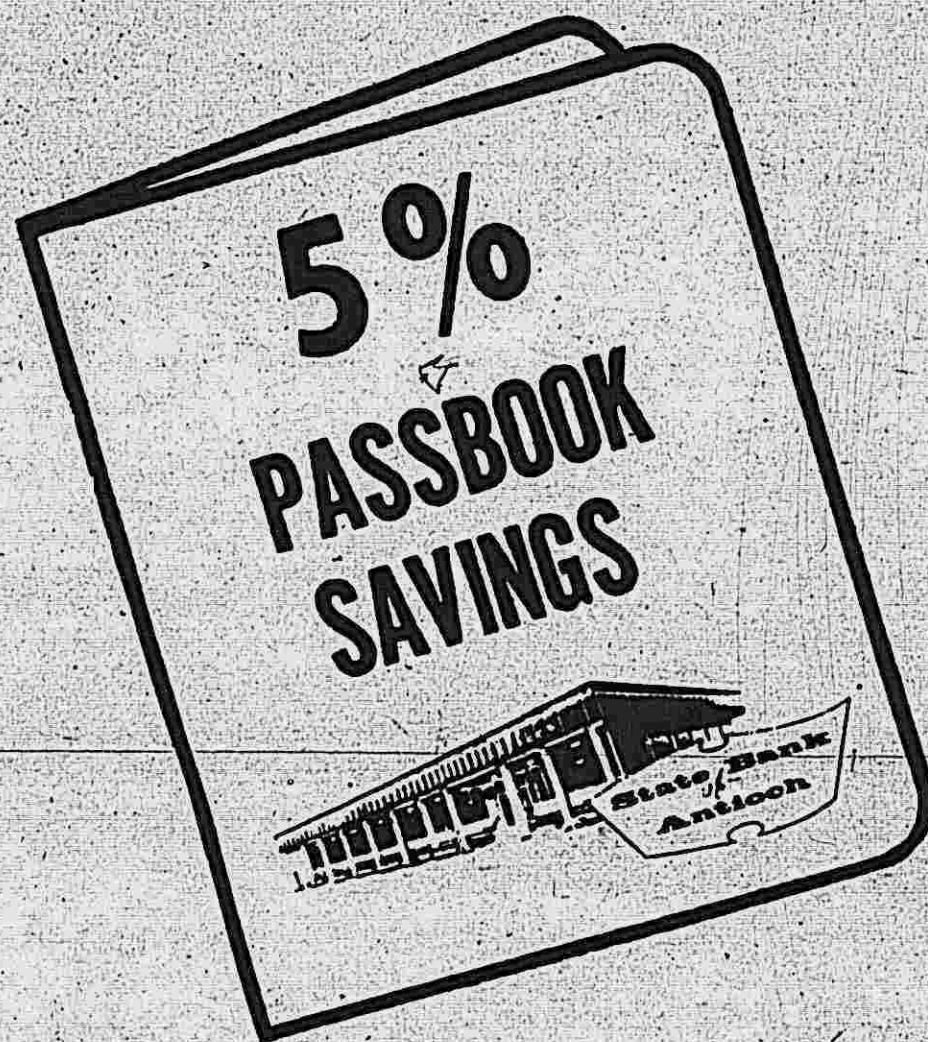

Dolman, 18, son of Mr. and Mrs. Robert M. Dolman, Route 3, Lake Villa, has completed nine weeks of advanced individual training at the U.S. Army Infantry Training Center at Ft. Polk, La.

He received general training as a light weapons infantryman and as a mortar and rifle crewman, in addition to

specialized weapons instruction. Pvt. Dolman also was taught the proper use of high explosives and the placement, detection and disarming of mines.

## DAILY INTEREST

Money grows faster at the State Bank because we pay you a guaranteed 5% interest, compounded daily, from the day of deposit to the day of withdrawal. (Absolutely no penalty for withdrawals). Most savings institutions pay interest on the amount on deposit at the end of the quarter, but the State Bank pays you interest quarterly for the full time your money is on deposit, no matter when you need to withdraw.
